YATISH JARIYAL

Full Stack Developer

@ yatishjariyal@gmail.com 📞 +91 8879294070 in linkedin.com/in/yatish-jariyal

EXPERIENCE

Software Craftsperson
Red Panda Innovations Labs

📅 Mar 2021 – Oct 2021 📍 Pune, India

Web App For Environmental Cause

- Developed a web app using ReactJS, Typescript, Redux and SCSS
- Created reusable Styled Components and setup storybook
- Styled the app using Styled System
- Implemented unit testing and integration testing using React testing library and Jest
- Added payment integration using Stripe

PROJECTS

Job Application Tracker
MERN Stack

Links: Website | Github

- Developed and deployed a FullStack Progressive Web Application where user can store all the interview details at a single place, also user can browse interview questions uploaded by other users. User can visualize data in Pie chart and Graphs
- Used ReactJs (React Hooks) to build the frontend
- Used NodeJs framework Express in backend to create the API, handle the routing and to authenticate user (JWT)
- Used NoSql database MongoDB (Mongoose) to work with data

DigitalCube
MERN Stack

Links: Website | Github

- Developed and deployed a FullStack Ecommerce website, added functionality to register and login. User can buy electronic products online, functionality to add products to cart and place an order, used PayPal API to simulate payment
- Integrated complete admin panel where admin can add, edit, delete products
- Used ReactJs (React Hooks) to build the frontend
- Used NodeJs framework Express in backend to create the API, handle the routing and to authenticate user (JWT)
- Used NoSql database MongoDB (Mongoose) to work with data
